

Athletic Committee Minutes
Wednesday, November 18, 2009
6:00 p.m. Reeds Brook Middle School

Present: Jonathan Henry, Lance El-hajj, Ruey Yehle, David Shapiro, Emil Genest

The following topics were discussed:

- The Committee discussed facility use during new building construction and how teams at the high school and middle schools will be relocated and/or affected during the next two years. The plan, as constructed by the Athletic Director in conjunction with the middle schools and town constituents, was approved by the state as part of the building project cost. The state approved \$24, 294 to assist with costs that will be incurred for facility rental, facility maintenance and transportation to venues. The plan also details current usage, usage during construction and future participation sites for all teams once the project is completed.
- An update of defunded teams was discussed and at this time all defunded programs have reached their funding goals. Those programs are Freshman Football, Freshman boys and girls Basketball, JV Ice Hockey and JV Cheering.
- The request from ice hockey parents to use gate receipts to offset costs of rink rentals was discussed. The committee decided to maintain current gate collection and distribution protocol.
